Introduction – Company & Products (contd...)

Power Generation Panels

- MGSP - Multiple Gensets synchronizing panels
- Mutual Standby Genset Panel
- AMF - Auto Mains Failure Panels
- ATS - Auto Transfer Switch Panels
- Static Auto Transfer Switch Panels

Low Voltage Switchgear Panels

- MV Panels for KAHRAMAA
- PCC - Power control centers (Form II, III & IV)
- MCC - Motor control centers (Form II, III & IV)
- VFD Panels - Variable frequency drive motor control centers
- Soft starter panels
- MDB - Main distribution boards
- SMDB - Sub main distribution boards
- DB – Distribution board
- Marine & Oil field panels
- Custom Built Control Panels for Various Applications.
- Street lighting control cabinets
- HVAC & AHU panels
- Irrigation & submersible pump control panels
- Swimming pool & fountain panels
- AC / DC panels & Test consoles
- PFC - Power factor correction capacitor bank panels
(with or without Harmonic Filter)
- Automatic resistors setup control panels for slip ring motors
